〈Why'd We Open this Café ? 〉

We have liked making sweets for a long time. One day we sold chiffon cakes at a supermarket nearby, and they were well accepted, which motivated us to open our shop. After a lot of experimenting, we created our original homemade cakes. Our café is fashionable with a calm atmosphere !

〈Cakes 〉

You can enjoy cakes with seasonal fruits all year round. Different cakes are offered every day. Please come frequently and try all of our cakes ! You can have an elegant teatime here. You can also get our cakes to go.

〈Beverages 〉

Sweet beverages like smoothies are offered as well as coffee and tea. The strawberry smoothie in this picture, which is richly flavored, is strongly recommended for strawberry lovers. Do give it a try !

Welcome Information

Their homemade ice cream is also good ♪ In the near future, they will offer lunch in the afternoon, and alcohol in the evening.
